## OPERATION INSTRUCTIONS

**IMPORTANT:**  
Please read these instructions carefully before use and retain for future reference. See operating instructions on back.

- Use only the supplied or recommended Sonic Alert adapter to connect the unit.

**Warning:**  
To prevent fire or shock hazard do not expose this appliance to rain or moisture. Before connecting to mains power make sure that the requirements specified on the apparatus corresponds to the available power supply in that country. i.e. AC100-240V~ 50/60 Hz.

The ventilation should not be impeded by covering the ventilation openings with items such as, newspaper, table cloth, curtains, etc.

- It shall not be exposed to dripping or splashing and that no objects filled with liquids, such as vases, shall be placed on the apparatus.

- Do not place the product in closed bookcases or racks without proper ventilation.

- Where the mains' power plug is used as the disconnect device, the disconnected device shall remain readily operable.

**Maintenance:** Use only damp cloth to clean the lens and the frame. Do not use thinner, alcohol, or any other cleaning agent to clean the lens or the frame, failure to do so may result in damage to the coating on the lens or the frame.

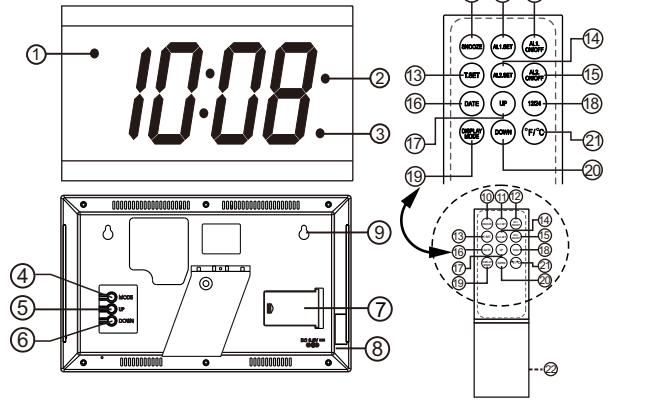

## GENERAL DATA

Adapter Input: AC100-240V~ 50/60Hz Output: DC9.5V  $\mu$ A, 370mA  $\mu$ C

Clock Battery: AAA size (UM4/R03) x 3 pieces

Remote Battery: AA size (UM3/R6) x 2 pieces

DUAL ALARM WALL CLOCK  
MODEL BD4000

## FEATURES

## For Clock

1. Power indicator (for 12 hr mode only)

2. Alarm 1 ON indicator

3. Alarm 2 ON indicator

4. Mode button

5. Stop button

6. Down button

7. Battery compartment

8. DC Adapter Input Socket

9. Mounting Hole

10. Mains Power Jack

11. Wall mounting

12. Remote Handset

13. Microphone

14. Display Mode

15. Date

16. On/Off

17. Up

18. 20. Temp °C / °F

21. Battery Compartment

22. Remote Control

23. 24. 22/24 hour

11) Wall mounting Clock and Remote Control

Please check the mains specification before plugging into the socket. Plug the power adaptor into the DC input jack (8), then plug the adaptor into the wall socket. The clock digit will flash to indicate it is working properly.

a) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

b) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

c) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

d) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

e) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

f) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

g) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

h) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

i) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

j) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

k) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

l) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

m) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

n) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

o) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

p) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

q) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

r) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

s) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

t) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

u) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

v) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

w) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

x) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

y) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

z) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

aa) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

bb) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

cc) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

dd) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

ee) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

ff) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

gg) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

hh) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

ii) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

jj) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

kk) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

ll) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

mm) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

nn) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

oo) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

pp) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

qq) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

rr) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

ss) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

tt) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

uu) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

vv) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

ww) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

xx) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

yy) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

zz) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

aa) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

bb) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

cc) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

dd) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

ee) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

ff) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

gg) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

hh) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

ii) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

jj) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

kk) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

ll) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

mm) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

nn) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

oo) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

pp) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

qq) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

rr) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

ss) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

tt) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

uu) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

vv) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.

ww) Press MODE button (4) again to toggle to adjust the minute. The minute digit will flash, then press UP (5) or DOWN button (6) to adjust the minute.
